Vijayashreepura Land Row

Cabinet to save houses from demolition; will compensate land owners

Bengaluru, Oct. 12 (KMS& BCT)- With Assembly elections round the corner, the long-pending issue of Vijayashreepura Layout seems to be reaching an amicable settlement as the State Government has finally decided to intervene, bringing a major relief to the residents who have been trying to save their houses from being demolished.

A major part of Vijayashreepura comes under Chamundeshwari Assembly constituency and a smaller part comes under Chamaraja segment.

Highly-placed government sources told *Star of Mysore* that as Chief Minister Siddharamaiah was preparing ground to contest from Chamundeshwari,

he is taking special interest in resolving Vijayashreepura imbroglio. Sources also said that the Chief Minister does not want the controversy to be an election issue, giving his political opponents extra ammunition for counter attack.

The government has decided to implement the Supreme Court order on the land that extends up to 94.28 acres and comes under Survey No. 1, Vijayashreepura. It will pay compensation of Rs. 55 crore to the original land owners.

At a Cabinet meeting held yesterday, the government has decided in principle to regularise the land and pay compensation to the family of late Sirdar K.B. Ramachandra Raje Urs. The compensation will be paid to Chaduranga Kantharaj Urs (son of Sirdar K.B. Ramachandra Raje Urs) and his family as per the 2001 guidance value and as per Section 180 of Karnataka Land Acquisition Act 1961.

The compensation will either be paid by the government or the money will be levied from the Vijayashreepura residents in the form of fine. The Cabinet has directed State officers to form a Committee to decide on this issue and also examine the legal and financial implications of the government move.

The report by the Committee will be submitted in the next Cabinet meeting.

Uncooperative urbanites

Good governance has been made out to be totally in the lap of governments, forgetting the extent to which the masses are indulging in various acts placing hurdles in government's path. The long-drawn freedom struggle, specially that part of the movement towards its closing stages, is highlighted for the leaders adhering to *non-violence* and *non-cooperation* with the government under colonial rule. Public speakers addressing large gatherings on occasions such as Independence Day and Republic Day make it a point to remind their listeners about the magic that non-cooperation in particular and non-violence to some extent worked well in the land securing freedom from colonial rule. Looking back, barring in some pockets of the land's social life, the masses are merrily indulging in violent acts in pursuit of causes posing insurmountable challenge to the administration, apart from displaying unbridled uncooperative behaviour in the matter of complying with the land's laws.

Even as the dream of self-rule under a well-oiled democratic system providing good governance stands vanished into thin air, we can hear voices of that honourable fraternity of freedom-fighters expressing regret for having taken active part in the action, making sacrifices of their avenues of leading life of comfort. The uncooperative masses staging violent behaviour don't seem to have the frame of mind to mend their ways.

Framing Acts and related laws, ostensibly to sustain an orderly society in the land, has proved to be a losing game for administrations at national, regional and also local levels, given the majority in the population violating the laws with gay abandon, keeping the law-keepers on their toes and the judiciary choked. Needless to remark that the *sharks* are unfazed by being nabbed and reported upon in the media, even as it is common knowledge that they are just the proverbial tip of the iceberg. As for the sundry violators of laws, such as compulsorily wearing helmet while riding two-wheelers, they are quite comfortable shelling out the prescribed fines whenever falling into the Police net.

The corner stones of self-rule to ensure good governance, namely *a)* Leaders of unquestionable integrity in public life and *b)* population sticking to a regimen of discipline, cooperating in implementation of the land's laws are nowhere to be found. Only foundation stones laid by Ministers remain as rubble for future generations to give them the treatment they deserve.

EDITOR'S BOTTOMLINE

SHORT-LIVED CHEER: *The government's crackdown on black money might not have unearthed major unaccounted-for assets of big shots but it sure has had its moments. A roadside jalebi and vada pav vendor from Mumbai declared assets worth Rs. 50 crore under the Income Declaration Scheme. A news website picked up the story and the whole episode went viral. The Prime Minister's supporters left no stone unturned to claim credit and demonstrate how successful the scheme was. Only hours later they realised it was a year-old event — it happened before last year's demonetisation of certain bank notes. The cheerleaders fell silent promptly.*

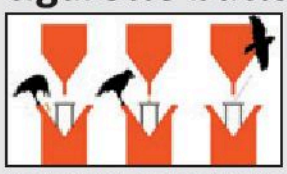
Training crows to clean street cigarette butts



Amsterdam: Alarmed by how many cigarette butts littered the parks of Amsterdam, two Dutch designers came up with an unusual plan to train crows to pick up the butts and trade them for tasty rewards. Industrial designers Ruben van der Vleuten and Bob Spikman originally considered using robots to clean the streets of cigarette butts, but they presented a series of difficulties.So they turned their attention to one of the most abundant resources of urban areas – birds.

Crows are ranked among the most intelligent species on the planet, they can learn things by observing their surroundings. So they were perfect for the project envisioned by Ruben and Bob. The two designers knew that they wanted to train crows to clean cities of discarded cigarette butts, but it wasn't until they discovered the Crow Box, a project by Joshua Klein. Klein had invented a machine to autonomously train crows to pick up change from the streets and exchange it for peanuts, they could definitely pick up cigarette butts as well.

Bamboo Insects !

Tokyo: To say that Japanese artist Noriyuki Saitoh is a master when it comes to capturing the anatomical features of tiny insects using only bamboo would be a serious understatement. The level of realism displayed in his creations is simply uncanny.

From the wiry whiskers of grasshoppers to the veiny wings of dragonflies and cicadas, the attention to detail in Noriyuki Saitoh's bamboo insects is breathtaking. It's true that the natural versatility of bamboo really helps, allowing the artist and his team to bend, score and layer the material to capture every little detail almost to perfection. "Insects I create are never real. Since we are not preparing specimens and replicas, we strictly measure the dimensions and prioritise the appearance impressions, features, and senses rather than proportions being created exactly," Noriyuki writes on his website. "People's eyes appreciate small works. We compensate gaps and colours of genuine and works with knowledge, experience, and imagination. I think that it is fun to appreciate this bamboo work," the artist adds.

Don't straighten Hunsur Road near Jaladarshini Guest House

Sir,

In yet another case of ad-hoc planning, a short stretch (about 500-metres) of Hunsur Road near Jaladarshini Guest House is to be widened and straightened at a cost of Rs.12 crore (*SOM* dated Oct. 11, page 12).

This project is to prevent accidents on the stretch between Kalamandira and the turn near Kukkarahalli Lake where in the past many people have lost their lives negotiating the turn there.

Without questioning the genuineness of the road-widening project, it must be noted that if the stretch is widened and straightened, it will only facilitate increase in the speed of vehicles, and it is well-known that the **primary cause of road accidents is speed, not negotiating turns.**

This 500-metre stretch of the beautiful tree-lined road is through a heritage area with Jaladarshini, DC's Bungalow and Regional Commissioner's Office on one side and Kukkarahalli Lake and Kalamandira on the other side.

The road is presently 4-lane width and is provided with a median, and is quite adequate for safe and smooth flow of traffic which is anyway forced to pause at the traffic signal near Kalamandira. Furthermore, this stretch is well within city limits although it is technically an extension of the Highway and city speed limits are already notified and marked with road signs.

If vehicles maintain the prescribed speed limits, traffic accidents will certainly reduce sharply.

Increasing the width and straightening of this 500-metre stretch can facilitate vehicle movement up to Kalamandira traffic signal only. At this point, the road overbridge near CFTRI gate will constrict traffic once again. And just another 500-metres ahead is the busy traffic junction of Field Marshal K.M. Cariappa Circle (Metropole Circle), after which high traffic density determines vehicular movement and the traffic flow.

When any project is planned, it is necessary to examine whether there are other ways in which the purpose can be achieved, and what are the other costs and ground-factors which need to be considered as part of the planning process.

This project should not be carried out merely to reduce accidents caused by irresponsible driving above prescribed speed limits within the city.

The definite environmental, ecological and heritage cost by loss of trees and heritage ambience far exceeds the uncertain gain of accident reduction. Implementing and enforcing vehicle speed limits will solve the problem of accidents in this stretch of heritage road.

Finally, the National Urban Transportation Policy (NUTP) directs that movement of people must be facilitated rather than movement of vehicles. If we are to respect NUTP, Rs.12 crore will be better spent on this 500-metres stretch in constructing usable pedestrian footpaths and in effective roadside (longitudinal) drains which will preserve the road surface against rainwater damage.

Will the District in-Charge Minister drop this road widening and straightening project, and spend that Rs.12 crore on providing pedestrian footpaths and effective roadside drains?

KDP review meeting held

Mysuru, Oct.12 (PM&DM)- The monthly review meeting of Karnataka Development Programme (KDP), including the 20 point programme, was held at the ZP Hall here yesterday.

Soon as the meeting began, Food & Civil Supplies Department Deputy Director Dr. K. Rameshwarappa, highlighting the progress made in the Department, said that the Department had received 92,802 applications in the past two months seeking BPL cards. But after a thorough screening of all the applications, only 81,531 were found to be genuine and arrangements have been made to distribute the cards through post.

ZP Social Justice Standing Committee Chairman Beerihundi Basavanna asked Dr. Rameshwarappa to provide complete statistics on the distribution of cards. But as Dr. Rameshwarappa had no hands-on information, Basavanna asked him to come up with full statistical details on the distribution of BPL cards. Basavanna alleged that lack of co-ordination between the Food & Civil Supplies Department and the Revenue Department had led to chaos in the distribution of BPL cards.

ZP President Nayeema Sulthana, flanked by ZP CEO P. Shivashankar and ZP Social Justice Standing Committee Chairman Beerihundi Basavanna, during KDP review meeting at ZP Hall in city yesterday.

Intervening at this stage, ZP CEO P. Shivashankar said that the Department had achieved much by disposing off 92,000 applications in two months.

Dr. Rameshwarappa said that as the coupon system had failed, the Department is distributing ration by two methods — one through Bio-Matric System (BMS) and the other through Manual System.

Stating that there were 390 Fair Price Shops (FPS) in the district, he said that most of them had adopted the BMS. But a few had knocked on the doors of the Court complaining about the internet connection, he said and added that the Government was taking all steps to rectify the problem.

Hunsur hostels

Social Welfare Department Joint Director Prabha, replying to a question on the poor condition of hostels in Hunsur taluk, said that the Department has sent a Rs. 5 crore proposal to the Government for repairs. The Department was mulling on entrusting the repair works to Karnataka Land Army.

Beerihundi Basavanna, objecting to the move to hand over repair and maintenance works to Land Army, suggested that the responsibility be handed over to ZP Engineering Division.

'Mathru Purna' scheme

Women and Child Welfare Department Deputy Director B. Radha came up with details of 'Mathru Purna,' a scheme to provide nutritious food to pregnant women and lactating mothers. She said that the district had seen 60 percent progress in the implementation so far.

Disputing her claim, Beerihundi Basavanna said that there were flaws in the implementation of the scheme which needs to be addressed urgently.

ZP President Nayeema Sulthana, ZP Members Dayananda Murthy and Jayalakshmi Rajanna, ZP Chief Planning Officer Prabhuswamy and officials from different Departments attended the meeting.

Madigas demand acceptance of A.J. Sadashiva Commission Report

Mysuru, Oct.12 (RKB&DM)- Hundreds of Madiga community members under the joint banner of Samajika Nyayapara Vedike and Madiga Sanghatanegala Okkoota took out a protest rally in the city on Tuesday, demanding acceptance of Justice A.J. Sadashiva Commission Report.

The protesters who commenced the rally from Kote Anjaneyaswamy Temple had planned to march to the CM's residence at Ramakrishnanagar in city to lay siege. But the rallyists were stopped at Vijaya Bank Circle by the Police when a verbal duel broke out between the rallyists and the Police.

The Police had given permission to take out the rally only till the DC's office, it is learnt.

Even as the rallyists were stopped at Vijaya Bank Circle by the Police, an official at the CM's residence came to the spot and received a memorandum from the protesting Madiga community members, it is learnt.

Addressing the rallyists, Madiga community leader Mandakrishna Madiga said that Justice Sadashiva Commission in its report submitted to the Government on June 14, 2012 had recommended inner reservation to Madigas based on population. But the Government had ignored the report, he said and urged the Govt. to provide inner reservation to the community and thus uphold the Constitutional aspirations.

Vidhana Soudha Diamond Jubilee

Rs. 28 crore for 2-day event!

Legislature proposes, Cabinet disposes

Bengaluru, Oct. 12- The Diamond Jubilee celebrations of Vidhana Soudha has turned out to be a bone of contention between the State Cabinet and State Legislature. While the Legislature has made elaborate plans to celebrate the event by inviting President Ram Nath Kovind to address the Joint House on Oct. 25, the State Government has reportedly sent back the proposal citing "huge budget" for the two-day mega event.

The Legislature Secretariat had sought Rs. 28 crore for the two-day Special Session and other cultural programmes marking the Diamond Jubilee of Vidhana Soudha. However, the Government, upset that the Legislature had bypassed the Cabinet in deciding over the celebration, stopped the Grants for the programme citing "huge budget".

A senior leader said, "Neither was the Cabinet told about the plan nor did they consult anybody about holding the Special Session. They have just sent us a budget plan."

Ministers upset

A section of ministers in the Siddaramaiah Cabinet is learnt to have taken exception to the "unilateral decisions" taken by Legislative Council Chairman D.H. Shankaramurthy and Speaker K.B. Koliwad on organising Diamond Jubilee celebrations of the iconic Vidhana Soudha.

The Presiding Officers of the two Houses are said to have gone ahead with preparations for the gala celebrations and renovation of Vidhana Soudha without informing the Government about it.

Dr. A. Soujanya is Additional MCC Commissioner

Dr. Soujanya

Bengaluru, Oct. 12- KAS officer Dr. A. Soujanya, who is currently serving as Assistant Commissioner at Hunsur, has been appointed as the new Additional Commissioner (Administration) of Mysuru City Corporation (MCC).

Dr. Soujanya is among the nine KAS officers transferred by the Government yesterday.

Probationary IAS Officer K. Nitish has been appointment as Assistant Commissioner, Hunsur Sub-division, in place of Dr. Soujanya.

German Press closure move: Employees on indefinite stir

Mysuru, Oct. 12- Employees of the iconic German Press at Siddarthanagar in city are up in arms against the Union Government for its move to close the press to promote textbook printing presses in North India.

The employees, under the banner of German Press Employees Association, have been protesting the government move and have alleged step-motherly treatment towards the printing presses in South India. The protests continued today too and as per the Association, they will protest indefinitely till their demands are met. The employees said that the Department of Printing and Stationary under the Ministry of Housing and Urban Affairs has been operating 17 printing units across India including the German Press in Mysuru. The Union Cabinet has decided to close down 12 presses in the name of rationalisation and merger and it has been proposed that all the three units in the south at Coimbatore (Tamil Nadu), Koratty (Kerala) and Mysuru, shall be closed and the employees will be relocated to Nasik Press in Maharashtra.

"This decision deprives South India of the presence of an important arm of the government such as printing and stationery, which is unjust. This decision has shocked the employees and has drastically affected their family members," the employees said.

All the three units in South India are well established and have good infrastructural capabilities. The Mysuru unit has modernised machinery gifted by the Federal Republic of West Germany 1976 which are still running in good condition giving 200% production, they said.

The German Press land is under the lease agreement period of 100 years with Karnataka government and still 60 years are yet to be completed. "This press is an asset running without any loss and has a high potential. Unfortunately, the government is bent on destroying the press and handing over the land for other development works," the employees stated.

President of the German Press Employees Association H. Shankaraiah, Working President S. Nagaraja, Gen. Secretary Prem Anand, Vice-President R. Rajanna and others were present.

The officials are said to have seized several documents pertaining to some properties. Ravishankar is close to an influential Minister, according to sources.

Man found murdered in Periyapatna

Venkatesh

Periyapatna, Oct. 12 (HDR&KS)- A 30-year-old man has been found murdered at the side of a field in Basalapura village in Periyapatna taluk this morning.

The deceased has been identified as Venkatesh, son of Swamy, a resident of the village, who was living with his parents and other family members at the house in the outskirts of the village.

The murder came to light this morning, when Venkatesh's father Swamy came near the field to throw cow dung after cleaning the cowshed.

Swamy immediately shouted for help attracting villagers, who informed Periyapatna Police. Hunsur Dy.SP Bhaskar Rai, Circle Inspector Siddaiah and SI S.S. Ravikumar rushed to the spot and conducted mahazar besides summoning the Dog Squad to the spot.

The Police are suspecting Venkatesh's father Swamy behind the murder as blood stains were found in the house, marks of the body being dragged from the house to the field was found and even the clothes Swamy was wearing is having blood stains.

It is also suspected that as Venkatesh used to come home drunk everyday and assault the family members, Swamy depressed over the behaviour of Venkatesh, may have eliminated him.

Periyapatna Police, who have registered a case in this regard, are investigating.

Cabinet to save houses from demolition

(Continued from page 1)

RESIDENTS' ASSOCIATION CHIEF REACTS: Reacting to the latest Cabinet meeting, President of Vijayashreepura Kshemabhivruddhi Sangha Dr. Ranganath told *SOM* that the Cabinet decision has provided residents a big relief. "We have been living here since the last 35 years and we hope that the issue will be sorted out soon," he added.

Regarding the fine amount that the government is planning to levy, he said that they were ready to pay a reasonable fine. "Most of the people who reside here are from middle and lower middle class and if it is a reasonable amount that will lead to regularisation of our properties, we are ready to pay. Actually, MUDA itself can pay the amount as once regularised, a vast land goes to MUDA and it can sell them at premium prices," he added.

FAMILY PROPERTY

The land extends up to 94.28 acres and comes under Survey No. 1. It is owned by Sirdar K.B. Ramachandra Raje Urs. The property was later inherited by Chaduranga Kantharaj Urs and his sisters Tripurasundari Devi, Deepamalini Devi and Keerthimalini Devi. Ramachandra Raje Urs had divided the property into five parts and distributed among his children and kept one part to himself. Later Chaduranga Kantharaj Urs divided his share of property among his children Devrath Urs and Jayalakshmi.

The then City Improvement Trust Board (CITB, now MUDA - Mysuru Urban Development Authority) acquired the 94.28-acre land abutting Manasagangothri, the PG campus of University of Mysore in 1984-85 (final acquisition in 1988) which was questioned in the Court by Kantharaj Urs and his family as MUDA failed to pay compensation.

COURT DIRECTIVE

Later, MUDA allotted 15 acres to JSS Mahavidyapeetha. Out of the remaining 79.28 acres, 23.5 acres was developed as Vijayashreepura Layout. There are a total of 184 concrete houses, 80 houses with asbestos sheets, eight houses with Mangaluru tiles, two temples, and 65 vacant sites in the layout.

Hearing the petition filed by Kantharaj Urs, the Apex Court, on December 16, 2015, had ruled against the acquisition of the land by MUDA and had set a deadline of six months and subsequently extended deadlines following MUDA appeals and fixed the final demolition deadline to Sept. 15, 2016.

The Court also later provided a concession to JSS Mahavidyapeetha as it was an educational institution and the same yardstick could not be applied to Vijayashreepura residents. It asked the State government to pay compensation to the petitioners at the market value or hand over the land to them after vacating the existing residents.

It may be recalled here that on June 1, 2017, at a meeting with Chief Minister Siddharamaiah at his Mysuru residence, MUDA Chairman D. Dhruvakumar and other officers including the then MUDA Commissioner Dr. M. Mahesh, Chaduranga Kantharaj Urs had agreed to withdraw his petition in the interest of Vijayashreepura residents.

Government panel to submit final report in a week

(Continued from page 1)

Documents have been procured from MUDA and other offices regarding the land at Alanahalli, K.C. Nagar and Income Tax Layouts that have been formed years ago from the land sanctioned by City Improvement Trust Board (CITB, now MUDA).

Speaking to *Star of Mysore*, Randeep said that the Committee has gathered information on the layouts and also about the 72 writ petitions that have been filed in the Karnataka High Court. "The Committee has come to a conclusion and due to Dasara festivities, the final report could not be sent to the government. We will submit the report in a week," he said.

It may be recalled here that on May 26, 2015, the then Mysuru DC had declared Kurubarahalli Survey No. 4 and Alanahalli Survey No. 41 as "B Kharab."

In all, 710.17 acres out of the 1,543 acres that has been declared as "B Kharab" in Kurubarahalli Survey No. 4, and 74 acres out of 175 acres of Alanahalli Survey No. 41 have been taken over by MUDA 70 years back to form layouts and to distribute sites.

The lands had been purchased by over 25,000 people from MUDA in 1970s. However, they are yet to get land records, in spite of them being legal owners of the land. Hence, everything has come to a standstill as they are neither able to sell their houses nor build extra floors for the past three years. A few residents and owners of lands had approached the Court for relief.

Airtel partners with Karbonn Mobiles to take on Reliance Jio phone

- **At an effective price of Rs. 1,399, Karbonn A40 Indian is bundled with attractive monthly recharge pack and cash back benefits.**
- **Karbonn becomes the first Indian handset player to partner with Airtel.**

New Delhi, Oct. 12- Leading home-grown brand Karbonn Mobiles and Bharti Airtel ('Airtel'), yesterday in a press statement revealed that they had collaborated to bring in new affordable smartphone as part of Airtel's *'Mera Pehla 4G Smartphone'* initiative.

The offer from Airtel comes at a time when the Reliance Jio 4G feature phone has barely started shipping.

In the Karbonn-Airtel initiative, the users will have to pay Rs. 2,899 upfront to buy the Karbonn A40 Indian, after which they have to make 36 continuous monthly recharges of Rs. 169 each.

Post this, customers will get a cash refund of Rs. 500 after 18 months and another Rs. 1,000 after 36 months. The total cash benefits add up to Rs. 1,500.

Karbonn A40 Indian is a 4G smartphone that supports dual SIM slot with a 4-inch touch screen and runs on Android 7.0 Nougat. It is powered by a 1.3 Ghz processor with 1GB RAM.

"We are delighted to partner with Karbonn to remove barriers to smartphone adoption and enable millions of Indians to leapfrog to a full touchscreen smartphone experience," said Raj Pudipeddi, Director – Consumer Business & CMO, Bharti Airtel.

Captured tigresses may not return to wild

Mysuru, Oct. 12 (KS)- Two tigresses which were captured in Hediyala Forest Range and Antharasanthe Forest Range and undergoing treatment at Mysuru Zoo may not return to the wild.

The two wild cats are suffering from dental attrition (Dental attrition is a type of tooth wear caused by tooth-to-tooth contact, resulting in loss of tooth tissue, usually starting at the incisal or occlusal surfaces) and old age making them incapable of hunting animals which usually result in such wild cats entering human habitats looking for easy prey.

A Forest Official said that it would be risky for both humans and domestic animals if the two tigresses are released into wild.

Meanwhile, the two wild cats which are being treated at the Mysuru Zoo were responding to the treatment and the Zoo authorities would take a decision on whether to release them back to the forest or house it in the Zoo only after discussing with higher authorities.

Rahul Gandhi accidentally enters ladies' toilet in Gujarat!

Chhota Udaipur (Gujarat), Oct. 12- AICC Vice-President Rahul Gandhi is creating ripples all across Gujarat with his witty one-liners criticising the Modi-Government. His campaign was free of his infamous gaffes until today, when he accidentally entered a ladies' toilet in Chhota Udaipur district.

Rahul was in the district for his *'Samvad'* event to interact with young people. After the event, while on his way out of the Town Hall, Rahul Gandhi stepped into the ladies toilet. Incidentally, there was no sign in English differentiating it from the one meant for men. However, there was a poster in Gujarati that read *'Mahilao Mate Shauchalya'*. Sources said that Rahul entered the ladies toilet as he could not read Gujarati.

Following the incident, the SPG that accompanied Rahul dispersed media persons who had gathered outside the toilet on hearing about the blunder. Locals at the venue said that immediately after Rahul came out of the toilet people burst into laughter. The entire scene was recorded by media persons present there. Many women present at the scene took pictures of Rahul coming out of the washroom. Several people took to Twitter to share these pictures.

Incidentally, some years back when Rahul Gandhi was nearing Hunsur via Nagarahole-H.D.Kote Road, his car was stopped near a dilapidated tile factory to urgently facilitate him to ease himself and like the present incident, it made news in the news-hungry newspapers in Mysuru.

Sarod and vocal recitals at Ganabharathi tomorrow

Mysuru, Oct. 12- Ganabharathi has organised two Hindustani music concerts on Oct. 13 at Veene Seshanna Bhavan in Kuvempunagar at 6 pm.

The first concert will be a sarod recital by **H.S. Sachin** from 6 pm to 7.30 pm accompanied by Pt. Bheemashankar on tabla followed by a vocal concert by **Sanjana Koushik** accompanied by Pt. Sriram Bhat on harmonium and Pt. Bheemashankar on tabla from 7.30 pm to 9 pm.

ARTISTES' PROFILE

H.S. Sachin was born on June 14, 1992 to family of musicians in Coorg district. He was initiated to learn tabla at the age of eight under the guidance of Pandit Ramesh Dhannur. Since last five years, he has been under the tutelage of Sarod Virtuoso Pandit

H.S. Sachin *Sanjana Koushik*

Rajeev Taranath, and an illustrious disciple of Sarod Maestro Swara Samrat Ustad Ali Akbar Khan. The extensive training in tabla has also been adopted in Sarod playing in areas like Layakaari, complex rhythmic calculations on the sarod.

Sanjana Koushik: Born on June 19, 1995 to C.A. Ravindra and Tara Ravindra, she started singing and receiving the formal training in Hindustani classical vocal Khayal form of music at the age of 4 under Geeta Dutt in Jalandhar, Punjab. Later, she continued her training under Veerabhadraiah Hiremath in Mysuru. She received arduous Talim in Kirana Gharana from Nagabhushan Hegde and Niranjan for around eight years.

Presently, she is continuing her musical journey in Mumbai under the tutelage of Arun Kashalkar, a veteran exponent of Agra, Gwalior and Jaipur Gharanas. Having completed graduation in University of Mysore with a gold medal in Psychology, she is currently doing her PG in Music from Bharati Vidyapeeth Deemed University, Pune.

Gone Away: To Germany & Austria — 3

A Day Out looking at Down Town Berlin

[Continued from Oct. 9]

Our Berlin tour guide's arrival at our hotel in a taxi, a grand Mercedes Benz Van, was conveyed to me from the front desk through intercom promptly. We descended from our fourth-floor room and there he was. Tall, grinning from molar to molar. While shaking hands, we said, "Sorry, we are late" only to be told with another grin, "Oh, never mind. You are from India." Probably he was giving expression to his experience with Indians as a tourist guide.

It is my experience that every tourist guide, from Rajasthan to every foreign country I visited, is a chatter-box, voluble, fluent, hence irritating words come from his or her lips in fusillades. You begin to avoid listening preferring to look around, observe and admire. This one is no different.

"My name is Thomas. Thomas Williamson. Your Berlin Tour Guide. Call me Tom. Okay. Let us get going." From this moment till sharp 5.30 that he said goodbye to us, we were shepherded by Tom.

As the vehicle speeded through the roads, Tom's narration of Berlin's autobiography went on non-stop till he stopped the vehicle at a building he called Palace. The German names being difficult for a non-German like me, I could not care a damn about its name. Moreover, having seen hundreds of Palaces as a traveller it did not matter.

However, I remember Tom telling us an anecdote in connection with the construction of that Palace. The King had asked his subjects to provide 20,000 eggs to prepare the mortar for constructing the Palace walls in the days when cement was not there. The following day, the King received the eggs alright, but they were boiled eggs!

This reminded me of another native anecdote about Emperor Akbar The Great, of course, in an unconnected incident but one that shows how, funny or smart, situations may happen while dealing with the subjects leaving the King red-faced.

Emperor Akbar had asked his subjects to get a pot of milk and pour it into a giant cauldron placed in the courtyard of his Palace. In the afternoon, when Akbar went to see the cauldron, there was only water! Every subject who came there to obey the order carried water in the pot thinking his deceit would go unnoticed as others would have poured milk. But then every other person was as deceitful as himself.

Now do we see the difference between a German and an Indian in the above anecdote? I do see. While the German citizens were **innocent** in bringing the boiled egg for his King, thinking it was for eating, our Indian citizens brought water with the clear intention of duping, hence **deceitful.**

Please sir, don't despair we Indians know in time to come if not in this life, in the next life: "We shall overcome" these negative qualities.

Much is spoken about the 'food problem' of Indians when in Western countries. The food is bland. Rice is a rarity even in some Indian restaurants. As if to show some mercy on those who desire tangy, hot and sour, Tom drew our attention to **Berliner Currywurst** roadside kiosk doing brisk business and we had a taste of it. Ha! Not bad. But then hunger is the best sauce! *[See. pic. 1].*

And as we crossed a bridge walking, there it was — manifestation of superstition. Make a wish and put the lock on the barricade on either side of the bridge *[See pic. 2].* I remembered a similar sight on the Great Wall of China too and in many parts of the world. Siddharamaiah may bring an Anti-Superstition Bill, but superstitious belief like this will continue — even if the authorities remove such locks or catch the wish-maker. The age of reason and enlightenment is too, too far away.

We were racing towards a very important destination Checkpoint Charlie. *[See pic. 3].* A photo-op centre where tourists throng to take pictures with the fake 'Officers' now that the Berlin Wall is gone. During the time Germany and Berlin were divided by the Wall, the victorious powers of World War-II (minus Soviet Union) and the two Germanies confronted each other here. It finally narrowed down to a dangerous, unpredictable eyeball-to-eyeball confrontation between USA and USSR with battle tanks ranged against each other. Situation here then, the point where people crossed over with permission, became so sensitised that CIA had its office on the West Germany side here while the KGB had its office in the East Germany block here.

Germany had hosted the Olympic Games twice — once during Hitler's time on 1st August 1936 and in 1972 at Munich.

Now, Prajwal hints at 'bucket culture'

Prajwal

Bengaluru, Oct. 12- JD(S) youth leader and son of JD(S) leader H.D. Revanna, Prajwal Revanna who had recently left his party red-faced with his 'suitcase culture' statement, has now hinted at the prevalence of 'bucket culture' in the party. He has also indirectly expressed his desire to contest from Rajarajeshwarinagar (R.R. Nagar) constituency in Bengaluru.

Addressing a workers meeting in R.R. Nagar on Oct. 10, he said that his adversaries wanted to weaken his power, as they feared that he would put a stop to corrupt practices in the party.

CONSPIRACY

"Some people, who are insecure about my political growth, feared that I would put a stop to the 'bucket culture' in the party. They know that I will not condone corruption or illegalities in the party. So they systematically went about weakening my power, and they succeeded in doing so," he said. His entire speech which was captured on camera has now gone viral.

Prajwal was referring to the same speech that had got him in trouble on July 7 this year. "A huge controversy erupted after only a part of the speech was highlighted. I had not said anything against H.D. Deve Gowda or H.D. Kumaraswamy. They are the pillars of the party. But my adversaries wanted to taint my reputation, which I had built over a period of seven years," he added.

Prajwal had made the controversial statement (about the prevalence of a suitcase culture) in Hunsur after he was denied ticket to contest from the constituency. The party has assured the ticket to A.H. Vishwanath.

Prajwal is keen on contesting the upcoming polls, despite stiff opposition from his grandfather and uncle, Kumaraswamy.

PARTY CAMPAIGN

Meanwhile, Devegowda yesterday said that his party would intensify door-to-door campaigning, as there were indications that the Assembly polls would be advanced to January, 2018.

"As the SSLC exams will be held in March, there are indications that the election would be held in January itself."He said that his party was all set to give a tough contest to both the BJP and the Congress, which will be launching massive campaigns next month. The JD(S), which as assured tickets to 33 sitting MLAs, yesterday guaranteed tickets to 40 other aspirants.

Home Minister in city

Home Minister R. Ramalinga Reddy being accompanied by ADGP (Law and Order) Alok Mohan during his visit to city this morning.

Mysuru, Oct. 12 (RK&BCT)- In his first visit to Mysuru after becoming the Karnataka Home Minister, R. Ramalinga Reddy today held a review meeting with Police officers from Mysuru, Mandya, Chamarajanagar, Hassan and Kodagu. The five districts together form the Southern Range.

The Home Minister, accompanied by Additional Director General of Police (Law and Order) Alok Mohan, arrived in the city at around 12 noon and was received by Southern Range IGP Vipul Kumar and Mysuru City Police Commissioner Dr. A. Subrahmanyeswara Rao at IG Suite in front of the SP Office.

All Police Officers above the rank of Inspectors are attending the day-long meeting where the Home Minister is expected to review security measures for the Assembly elections to be held in early 2018.

Ramalinga Reddy will take stock of pending cases in Mysuru, crime detection and pending crime, cases of murder, women and child-related cases.

Dilapidated building collapses, demolished

Mysuru, Oct. 12 (RKB&KS)- A portion of an old building, belonging to Lingoji Rao Ram Rao Uttarkar Trust, on Dewan's Road, Sonar Street Cross, opposite Gokul Finance in Chamaraja Mohalla, which had weakened due to recent rains collapsed this morning forcing the Police to instruct the Trust authorities to demolish the building to prevent fatalities.

Luckily no one was injured when the building collapsed.

Following instructions from the Police, Trustee Kiran summoned two JCBs to the spot and supervised the demolition of the building, said to be about 150-years-old.

Akhila Bharatha Kannada Sahitya Sammelana Logo launched

The Sammelana logo comprises pictures of Goddess Bhuvaneshwari, all the eight Kannada Jnanpith awardees, Mysore Palace, Chamundi Hill, Jumboo Savari, Nandi statue, Nalwadi Krishnaraja Wadiyar and map of Karnataka among others. The Sammelana will be held at Maharaja's College grounds in city from Nov. 24 to 26.

Mysuru, Oct.12 (SP&DM)- District Minister Dr. H.C. Mahadevappa and veteran litterateur Dr. C.P. Krishnakumar (CPK) jointly launched the logo of 83rd Akhila Bharatha Kannada Sahitya Sammelana and inaugurated the Sammelana office at District Kannada Sahitya Parishat Office at the North Gate of the Palace here this morning.

Speaking on the occasion, Dr. Mahadevappa said that the Kannada Sahitya Sammelana has a 102-year- old history and is one of the visionary contributions of Nalwadi Krisharaja Wadiyar.

Pointing out that the selection of veteran writer Prof. Chandrashekar Patil (Champa) to chair the Sammelana is a good decision considering his social movement, Dr. Mahadevappa said that Champa raises voice whenever the social system went awry. Referring to some writers and organisations expressing objection to the hasty decision to hold the 3-day event, the Minister said differences of opinion is good as it helps in organising the event much better.

Dr.CPK, in his address, said that in the absence of differences, any event could become a prototype. Although there may be differences, it should not give rise to collusion, he said and called upon everyone to shun their differences and work for the success of the meet.

Lecture on 'Healthy Heart'

Mysuru, Oct. 12- The Institution of Engineers (India) Mysore Local Centre had organised a talk on 'Healthy heart for all' at S.P. Bhatt Hall in the Institution premises on JLB Road in city recently.

Dr. Adithya Udupa, Cardiologist, Champakamala, Chief-Diet and Nutrition, Janhavi Acharya, Physiotherapist from Apollo Hospitals, were the guest speakers.

The talk was aimed at creating awareness on Health and How Fit is your Heart.

Dr. Adithya Udupa said, Top 10 risk factors for disease are: House hold air pollution from Solid fuels, Smoking/Second Hand Smoking, High Blood Pressure, Childhood underweight, Low Fruit Intake, Pollution, High Plasma Glucose, Alcohol use, Iron Deficiency and Sub-optimal Breast Feeding.

And also he said, by doing regular physical activity, supported by healthy diet and sleep, overtime you will be able to maintain a lean body, stress free mind, positive attitude at work, which all contributes to healthy heart by reducing the risk of high blood pressure, high cholesterol in blood, diabetes and also decreased involvement in smoking and alcohol.

Champakamala, Chief-Diet and Nutrition, said, healthy dietary practices are the corner stone of good health. Food habits have a big impact on heart's health and one of the modifiable risk factors on heart health. Everybody needs the same nutrients throughout life but in varying amounts depending on age, gender, activity and health condition.

She said, daily exercise increases energy expenditure, improves blood circulation and relieves tension, decreases blood glucose, blood pressure and blood lipids, increases HDL and reduces tendency of clot formation.

Janhavi Acharya, Physiotherapist, said: Exercise, particularly aerobic conditioning and strength training is one of the key interventions that can prevent death and disability from cardiovascular disease. The most prevalent cardiovascular diseases include coronary heart disease (example - heart attack) and cerebro-vascular disease (example - stroke).

She said: Key factors for reducing CVD risks are diet and nutrition, physical activity, reducing smoking habits and cardiology support.

After the presentation, the speakers were felicitated. IEI Chairman M. Chinnaswamy and Karnataka Renewable Energy Development Limited (KREDL) Project Engineer and IEI Executive Committee Member D.K. Dinesh Kumar were present.

Asia Cup-Hockey 2017

India thump Japan 5-1

Dhaka, Oct. 12- Indian Men's Hockey Team started-off their Asia Cup 2017 campaign with a 5-1 win over Japan here at the Maulana Bhashani National Stadium yesterday.

S.V. Sunil (3'), Lalit Upadhyay (22'), Ramandeep Singh (33'), Harmanpreet Singh (35', 48') were the goal-scorers for India as they emerged victorious. The Indian team started the match with an early goal in the third minute, which came on the counter as Akashdeep Singh played a forward pass to S.V. Sunil, who then got behind the goalkeeper to score.

However, Japan were quick to equalise as they won the ball at the half-line, and scored through Kenji Kitazato in the fourth minute to make it 1-1. Both the teams looked threatening in the second quarter as they looked to get the lead in the match.

India's counter attacking was again sublime in the 22nd minute as forward Lalit Upadhyay brought down a long ball, made a turn and shot at the Japanese goal to give the lead to Asia's number one ranked team.

The third quarter also went India's way as they scored just two minutes after the resumption of play when Ramandeep Singh made a fierceful strike from the right flank to score India's third goal of the day in the 33rd minute.

The Indian team then won a penalty corner in the 35th minute which was well converted by drag-flicker Harmanpreet Singh to make it 4-1 in India's favour. India did not let Japan make a comeback into the game and kept the possession to end the third quarter with the same score-line.

Fourth quarter was all about keeping shape and possession for the Indian team but they did not stop attacking the Japanese defence as they won a penalty corner in the 48th minute.

It was Harmanpreet Singh who scored his second goal of the match to make it 5-1 in India's favour. The Indian team held onto the score-line as they kept out Japan's late efforts to pull a goal back

AFC Asian Cup 2019 Qualifiers

India thrash Macau 4-1 to qualify

Bengaluru, Oct. 12- India confirmed their berth in the AFC Asian Cup UAE 2019 after snatching a 4-1 victory against Macau in the AFC Asian Cup 2019 Qualifiers at the Sree Kanteerava Stadium, here yesterday. India are now seated affirm at the top of group A with 12 points from four matches ahead of Mauritius, Kyrgyz Republic and Macau. This is India's fourth qualification after 1964, 1984 and 2011.

Indian skipper Sunil Chhetri, who scored his 55th International goal yesterday, stated that a lot of work had to be done before approaching the AFC Asian Cup UAE 2019.

Meanwhile, coach Stephen Constantine referred to the victory as a "terrific team effort over anything else." The head coach further insisted that the current team was surely one of the best Indian teams in history. Constantine also lavished huge praise on Balwant Singh who got the crucial assist for Sunil's goal in the second half.

Sensitisation workshop for Cops on 'Prevention of atrocities against women and children'

***City Police Commissioner Dr. A. Subrahmanyeswara** (3rd from left) during the inauguration of a workshop for Police personnel recently.*

Mysuru, Oct. 12 (SP&DM)- The Police Department had organised a sensitisation workshop for Police personnel on 'Prevention of atrocities against women and children' at V.V. Puram Traffic Police Station here on Monday.

Speaking after inaugurating the workshop, City Police Commissioner Dr. A. Subrahmanyeswara Rao, expressing concern over rising atrocities against women and children and the number of children going missing, said that the Police personnel should visit educational institutions located in their jurisdiction and gather information. By doing so, the Police should try to drive away the fear of Police among children.

Asking the Policemen to be friendly with children, he said that such a behaviour would help the Police to understand children better.

Explaining the measures to be taken for prevention of atrocities against women, the Police Commissioner instructed the Police to give a patient hearing to women complainants and address their problem.

He further directed the Police to be sensitive to women and children grievances and chalk out plans to address them in the most appropriate manner.

DCP Dr. Vikram V. Amathe, Gender Sensitivity Project Co-ordinator Rovina Bastin, K.R. ACP Dharmappa and other Police Personnel were present.

Aadhaar must for CBSE admissions

Bengaluru, Oct. 12- The Central Board of Secondary Education (CBSE) has made Aadhaar mandatory for all new enrolments from next academic year.

Earlier, the Board had instructed schools to begin Aadhaar enrolment drive for all students at the start of this academic year. Now, the Board has made it compulsory. As per an official notification, all CBSE-affiliated schools must register themselves before proceeding with online submission.

For the States where Aadhaar number is not yet made mandatory, schools need to furnish the bank details of students.

However, the CBSE has not specified on the age bracket. The notification said: "CBSE has not prescribed any minimum age for registration in class IX/XI. As per Rule 6.1(a), (iii) of the Examination Bye-Laws, school may ensure that the student satisfies the requirement of age limit (minimum and maximum) as determined by the State/ U.T. Government and applicable to the place where the school is located while seeking admission in a class."

The Board also clearly mentioned that no schools should ask students to furnish annual income of parents or tax certificate or any other documents showing income.

The declaration is solely now left to parents with a self-declaration procedure. To avoid any errors, the CBSE directed schools to check the combination of subjects before submitting the same online. The notification stated, "In accordance with the scheme of studies, the Board has prescribed a list of valid/Invalid combination of subjects. School should check the combination of subjects before filling in the subjects. Example: In class XI subject Informatics Practice and Computer Science cannot be taken together."

New Year gift to poor in State

Indira Canteens across Karnataka from Jan.1

Cabinet Committee meeting takes slew of decisions

Bengaluru, Oct.12 (KMS& NNN)- The State's highly ambitious programme to help the poor and the labour force to consume food at cheap cost by setting up Indira Canteens has got further fillip. As a New Year gift to the people, it will start functioning all over the State from January 1, 2018.

Apart from this, as there is shortage of specialist doctors in rural areas, two-year diploma course, DNB (Diplomate of National Board) will be started, so that MBBS doctors working in government hospitals can take up this course. These and a slew of other decisions were taken at the Cabinet Committee meeting held here yesterday.

After the meeting, Law and Parliamentary Affairs Minister T.B. Jayachandra, addressing a press conference said that Rs.185 crore has been released to set up Indira Canteens in all the district and taluk hospitals and bus stands.

In the first stage, food will be served at the cheapest cost at 246 centres in 171 regions across the State from January 1, 2018. Nearly one lakh people are going to be benefited by this move every day. The government is going to spend Rs. 9 crore monthly on this programme, he said.

Directions have been given to identify places before Nov.17 to set up Indira Canteens and by Dec. 17, the construction of the buildings should be completed.

Free gas cylinders: Likewise, under the *Mukhyamantri Anila Bhagya* scheme, two gas cylinders, a stove, two refills and two burners will be provided freely to Below Poverty Line (BPL) families and the distribution will begin from December. The cost for this is Rs. 1,137 crore, said Jayachandra.

It is estimated that there are 28 lakh families in the State without gas cylinders. Out of this, eight lakh families will be provided cylinders under the Centre's Ujwala scheme. Excluding this, the remaining 20 lakh families will be brought under Mukhyamantri Anil Bhagya scheme and out of this 10 lakh families will get the gas cylinders first by next March, he said.

Similarly, if people living in the rural areas who are using one litre kerosene, return the cards, they will be provided rechargeable LED bulbs under 'Punar Belaku,' scheme, he said.

DNB course for Doctors

In order to overcome the shortage of specialist doctors, the government has decided to open DNB courses in 10 government hospitals. The MBBS doctors working in Chitradurga, Kolar, Tumakuru, Ballari, Bagalkote, Dharwad, Kalaburagi and Vijayapura District Hospitals, besides the Bengaluru's K.C. General Hospital and Jayanagar Government Hospital will be given opportunities to take up DNB (Broad Specialities) course, said Jayachandra.

Since these courses are equivalent to Post Graduate Medical Courses, the doctors can work in their respective government hospitals and study the course. Every year 1,065 doctors will be given opportunity for admission, he said.

Free kits for ITI students: It has been decided to provide study materials through MSIL to more than 40,000 SC/ST students studying in ITI institutions under the *Kaushalya* scheme. Also, tool kits at a cost of Rs. 29 crore will be provided to ITI students who belong to the SC/ST community.

A pair of shoes and socks will be given under the special unit scheme to more than 21,000 students at a cost of Rs. 6 crore. This facility will be provided to students studying in aided ITI colleges coming under SC/ST category. Each student will get Rs. 1,545 for this. 46 ITIs in the State will be upgraded, he said.

It has been decided to sanction Rs. 20.27 crore to purchase mechanical equipment. Another Rs. 16.70 crore has been earmarked for buying additional mechanical equipment in 46 ITIs, he said.

108 ambulance: Some of the 108 ambulances under the *Aroyaga Kavacha* are not in good condition. In all, 95 ambulances with ventilator facility and an additional 276 life-saving ambulances will be added, was the decision taken at the Cabinet Committee meeting. About Rs.61 crore will be spent on this scheme and thus the aim will be to improve the ambulance services, said Jayachandra.

It has been decided to pay honorarium to the training of Vigilance Committee members attached to the Fair Price Shops (FPS) throughout the State.

Those members coming under the Gram Panchayat will be paid Rs.75 per month and Rs.150 per month will be paid to those coming under the Taluk centres, he said.

High drama at Coffee Day as employee threatens to jump from building

Mysuru, Oct. 12 (RK&KS)- High drama was witnessed at the Coffee Day building on D. Devaraj Urs Road as an employee threatened to commit suicide by leaping from the building yesterday afternoon causing tension for sometime.

The Coffee Day employee who threatened to jump down from the building has been identified as Yogesh.

Yogesh, who climbed the building alleging that he was not being paid salary besides being harassed, began to shout from atop the two-storey building and threatened to jump down.

Devaraja Inspector Thimmaraju and staff, who rushed to the spot, reached the top of the building through a different way, rescued Yogesh and took him to the Police Station and interrogated him, during which Yogesh is said to have told the Police that he was not being paid salary as per the work besides being harassed, which forced him to attempt suicide.

WORD OF THE DAY

Gregarious

Pronunciation: grih-GAIR-ee-us

Definition: Tending to associate with others of one's kind: social; marked by or indicating a liking for companionship: sociable; of or relating to a social group; growing in a cluster or a colony; living in contiguous nests but not forming a true colony — used especially of wasps and bees.

Origin: When you're one of the herd, it's tough to avoid being social. The etymology of gregarious reflects the social nature of the flock; in fact, the word grew out of the Latin noun grex, meaning "herd" or "flock." When it first began appearing in English texts in the 17th century, gregarious was applied mainly to animals, but by the 18th century it was being used for social human beings as well.

THE ODD WORD

Chanticleer

A rooster in a fairy tale.

PHRASE OF THE DAY

Fine words butter no parsnips

Meaning: Nothing is achieved by empty words or flattery.

Origin: This proverbial saying is English and dates from the 17th century. It expresses the notion that fine words count for nothing and that action means more than flattery or promises. You aren't very likely to come across 'fine words butter no parsnips' as 20th century street slang - you are more liable to hear it in a period costume drama.

Potatoes were imported into Britain from America by John Hawkins in the mid 16th century and became a staple in what established itself as the national dish - meat and two veg. Before that, various root vegetables were eaten instead, often mashed and, as anyone who has eaten mashed swedes, turnips or parsnips can testify, they cry out to be 'buttered-up' - another term for flattery. Indeed, the English were known for their habit of layering on butter to all manner of foods, much to the disgust of the French who used it as evidence of the English lack of expertise regarding cuisine and to the Japanese, who referred to Europeans in general and the English in particular as 'butter-stinkers'. This butter habit is evidenced in the various forms of the expression that are found in print in the 1600s - 'fine/fair/soft words butter no parsnips/cabbage/fish/connie[rabbit]'. A typical example is this verse from John Taylor's Epigrammes, 1651:

Words are but wind that do from men proceed;
None but Chamelions on bare Air can feed;
Great men large hopeful promises may utter;
But words did never Fish or Parsnips butter.

QUOTE BOX

Don't be different just for different's sake. If you see it differently, function that way. Follow your own muse, always. **—Morgan Freeman**
